

◆ RECEIVED AN ACCESS LETTER?

Your home. On the record.

A project near you has asked us to photograph your home before work starts.
An independent record of how it looked, in case anything changes.

**Under an hour**

Usually 15 to 45 minutes.

**Inside and out**

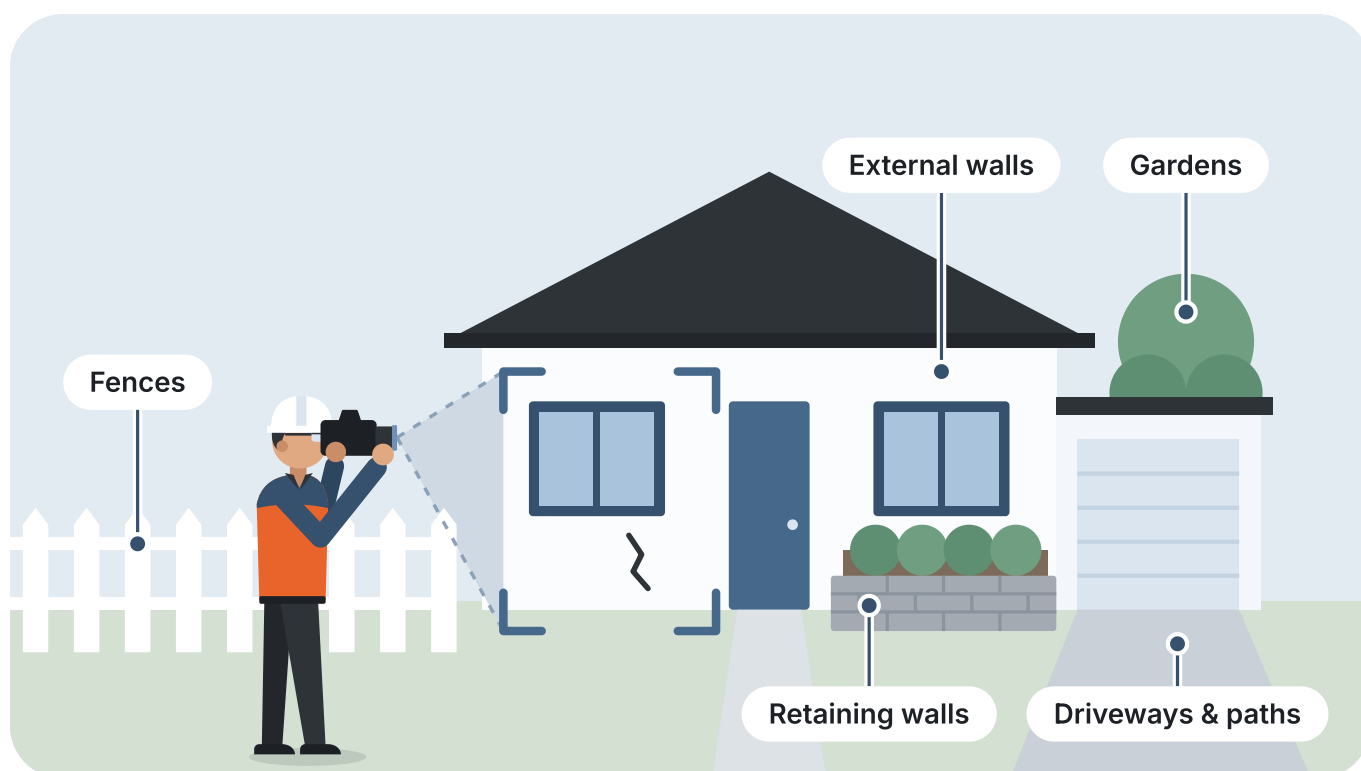

Every room, every wall, and any existing cracks.

**No cost to you**

The project near you pays for it.

◆ WHAT WE PHOTOGRAPH

Every wall. Outside too.

Something private?

Just tell the inspector.

Want a copy?

Owners can ask us for their report.

Before and after

Some projects add a visit after works, to compare.
